## PAT ACQUITTED OF KIDNAPPING

Associated Press  
Omaha, Neb., Feb. 17.—Pat Crowe, charged with the robbery of Edward A. Cudahy, the Omaha packer, in connection with the kidnapping of the latter's son five years ago, was acquitted late yesterday afternoon by a jury after fifteen hours deliberation. Crowe was immediately arrested on a warrant from Council Bluffs, where he was recently indicted with others on a charge of holding up a street car on July 2, 1905.

## ARTILLERY FOR CHINESE ARMY

Associated Press  
Berkeley, Cal., Feb. 17.—A Chinese newspaper received here says the Chinese government has ordered a million small arms, and one hundred cannon from German manufacturers for the threatened war with foreign powers.

## WEDDING BELLS IN BOSTON TOWN

Associated Press  
Boston, Mass., Feb. 17.—By order of the mayor bells on buildings and many churches pealed at noon today for five minutes in observance of the wedding of Miss Roosevelt.

## Vinita Choral Society.

We are glad indeed, to note the increased interest from week to week manifested in the rehearsals of the Choral Society which meets in the Court House every Monday evening. Last Monday, despite the inclement weather, was the largest attendance of any meeting, and the management expects next Monday to have a far greater attendance, due from the fact that at that time the membership list will close.

We have been requested through the columns of the Chieftain to extend a hearty welcome to each and every one who wishes to become a member to be present at that meeting, as this is the last chance you will have to join the Society this season.

The work in preparation is Gaul's "The Holy City," which the Society hopes to have perfected so as to give the concert in May next.

This Society has done much since its organization to awaken the interest in music among our people and deserves the patronage of every one who make any pretense whatever of singing or who love music.

## BRANDY IS 150 YEARS OLD

Leading London Hotels Have Ambient Product, But French Cellars Take the Lead.

London.—The three bottles of 1789 brandy sold in Paris a day or two ago for \$16 a bottle by no means provide an absolute record in point of age. In half a dozen London hotels anyone may obtain century old liqueur brandy. At the Hotel Cecil guests may drink "Boulevard" of the year 1800, while comparatively youthful brandy which has only spent 75 years in the same bottle seems quite cheap in comparison.

The senior brandy at the Savoy is entering its second century, for it dates back to Trafalgar year—1805. It costs \$20 a bottle. Two varieties of 1808 brandy may also be obtained.

Yet these brandies are in their callow youth compared with some venerable spirits in the cellars of some old French families—brandies which are over 150 years old and only see the light once in a decade, at weddings and similar epoch making events.

## Buster Brown and Tige.

The most decided hit in an advertising way was witnessed at the Golden Rule yesterday afternoon when Buster Brown and Tige held a reception. Of course the object was to advertise the Buster Brown Blue Ribbon and other brands of Brown's shoes, but the well known character of Buster and Tige lost none of their drawing features for that. Although the reception was primarily for children, long before the hour grown folks as well began to gather and by 3:30 p. m. there was a large crowd gathered.

As soon as the schools closed the children lost no time in getting in evidence and for an hour South Wilson street was literally packed with men, women and children, all trying to get a good view of Buster in costume and Tige comically dressed with hat and spectacles, calmly sitting in a chair smoking a pipe. With the distribution of souvenir buttons the crowd became uncontrollable and many were caught in the crush. Fortunately no one was seriously hurt.

## Nick and Alice Married Today

### Wedding Service Witnessed by the Most Brilliant and Distinguished Assemblage Ever in the White House

Associated Press  
Washington, Feb. 17.—In the beautiful white and gold east room of the White House, a few minutes after noon today Rt. Rev. Henry Y. Satterlee, bishop of the Protestant Episcopal diocese of Washington, pronounced the fateful words which united in marriage Alice Lee Roosevelt and Nicholas Longworth. The simple, beautiful, impressive ring service of the Episcopal church was given, attended by all the beauty of a cathedral service, and was witnessed by one of the most brilliant and distinguished assemblages that ever gathered in the White House—by far the largest company ever in the

executive mansion on similar occasions. The floral decorations were more elaborate than any heretofore seen in the historic room during the Roosevelt administration.

Nuptial music from "Lohengrin" was rendered as the bride entered the room, leaning on the arm of her father, preceded by members of the family. The bride carried a bouquet of gardenias and lilies of the valley from the White House conservatory. Her only attendant was her sister, Miss Ethel.

There was no floral bower, as was at first suggested, but a temporary altar was placed at one end of the east room, where Mr. Longworth and his best man, Thomas N. Perkins, awaited the bride.

Ushers separated as they reached the platform and the president passed through the two lines, ascended the platform and taking his daughter's hand placed it in that of the bridegroom. An instant later the groom placed the ring upon the finger of her left hand and Alice Lee Roosevelt became Mrs. Nicholas Longworth.

At the close of the brief ceremony the orchestra played Mendelssohn's wedding march. Immediately after congratulations, the wedding breakfast was served in the state dining-room, during the service of which there was a miscellaneous orchestra concert.

This evening the happy couple will depart for the Southland on their bridal tour. The trip will be made in a new Pullman car, named "Republic." The car is 10x30 feet, a greater length by 20 feet than the average sleeping car. It is luxuriously fitted up and contains every modern device for the comfort and convenience of the travelers.

The itinerary includes Roswell, Georgia, and a slow journey through the southern states.

The White House grounds have been closed throughout the day and none except those who held invitations were permitted to enter. The executive offices were also closed.

MRS. ROOSEVELT.

## Welcome Weekly Visitors.

For several years, in fact so long that it has become one of the regular weekly routine events about the editorial room of the Chieftain on Saturday mornings is the gathering of the ministers of the city to leave copy for their Sunday announcements. To come in contact with these cultured and well informed men even though for a brief moment once a week is a privilege the editor always welcomes. During the fifteen years the writer has occupied the place of editor of the Chieftain many clergymen have come and gone and not one is remembered that did not stand for the highest and best citizenship. Take out of the social fabric of Vinita her church life led by her preachers and it would be a poor place in which to live.

May they be sustained as become our splendid people and may their influence never wane.

MRS. LONGWORTH.  
The Mother of Congressman Longworth.

## MAY CANCEL GAS LEASES

Bartlesville, I. T., Feb. 17.—An inspector for the Interior department from Washington reached Bartlesville yesterday to investigate irregularities in Indian territory that had been reported to Secretary Hitchcock. One of them was that a number of gas wells are allowed to "blow off." There is a requirement that gas wells shall be shut in as soon as possible after being drilled. The inspector said that the owners of wells thus allowed to waste would lose their leases.

It clears the throat, strengthens the mucous membranes, relieves coughs, colds, croup, whooping cough, etc. Sold by People's drug store. dw
